Re: United States v. Thomas Joseph Petters Criminal No. 08-364(RHK/AJB)

Dear Investor:

As you may be aware, Thomas J. Petters and several co-conspirators were convicted in federal court of mail fraud, wire fraud, money laundering and conspiracy in connection with their operation of a multi-billion-dollar Ponzi scheme. The United States Attorney's Office for the District of Minnesota ("USAO") has recovered some of the proceeds of the fraud and is returning the funds to the victims through a process called "remission." The remission process is authorized by federal law, including Title 28, Code of Federal Regulations, Part 9.

You have received this remission package because records obtained by the USAO indicate that you may have invested in one or more of the funds controlled by Petters and others and are a potential victim of the fraud, thereby making you eligible to submit a petition for remission. To be considered for remission, you must follow the enclosed instructions, complete the petition form, and mail it, along with any required supporting documentation, to the Petters Remission Administrator postmarked no later than September 13, 2012.

If you need help completing your petition form or if you have any questions about the remissions process, you may contact the Petters Remission Administrator by one of the following:
